Fort McKavett is a small, rural community located on the western edge of Menard County, Texas, and it is the home of the Fort McKavett State Historic Site. Primarily residential tracts as well as medium-to-large ranches and farms surround it. Due to a high vulnerability to grass fires, some of the local residents got together to form a volunteer fire department in an attempt to prevent smaller range fires from spreading until larger area fire departments could arrive.

We have two fire trucks, a heavy duty flatbed truck and a 2006 truck with a 400 gallon tank and sprayer system. In 2015, we set up a helipad which is located just north of the fire department building. The helipad has been used several times for medical evacuations. The helicopter crews have been very pleased with the helipad's location and the way we set it up. In 2010 we set up a water catchment system on our building to help us to have water for outside needs. We have already responded to several fires and traffic accidents this year. We will continue to maintain our two trucks so that we are able to respond to any fires promptly with the proper equipment. Our funds are limited because we do not receive any financial assistance from any county, state, or federal agencies. We are totally self-supportive and depend on the public's donations and our annual fundraiser.

Our principle fundraiser is an annual barbeque and chili cook-off, grand auction, and silent auction, which takes place on the second Saturday in June. Anything that you or your organization could donate to help our cause would be greatly appreciated. The Fort McKavett Volunteer Fire Department is an incorporated 501(c)3, non-profit organization and our federal tax identification number is 31-1767385. We sincerely thank you for your consideration. You can rest assured that your participation in our endeavor will be recognized and appreciated by our community.
